Frequently Asked Questions (FAQ)

FUNDING OPPORTUNITY – GLOBAL MENTAL HEALTH REQUEST FOR PROPOSALS

This document addresses frequently asked questions regarding the Global Mental Health Request for Proposals issued by Grand Challenges Canada in May 2020. This document was last updated on May 19, 2020.

Topic Areas

1. **What types of innovations are in scope of the GMH Seed Request for Proposals?**

Grand Challenges Canada seeks bold ideas to meet the mental health needs of the most vulnerable 10 to 24-year olds. We want culturally sensitive, community driven, innovative approaches to *enhance mental health literacy and/or provide youth-friendly services* that account for the complex social and environmental factors contributing to young people’s mental health and wellbeing.

Innovations must be bold, innovative, transformational, accessible to the most vulnerable young people, and have the potential to be sustainable at scale. Innovations should seek do one or more of the following:

- Support community environments that promote mental wellbeing throughout adolescence
- Creatively approach mental health literacy and psychosocial education, working to embed mental health understanding in the broader community
- Provide effective and affordable youth-friendly community-based care and rehabilitation
- Foster resilience and advance mental disorder prevention and mental health promotion
- Integrate mental health services and/or wellbeing interventions into existing education systems
- Address the mental health needs of young people exposed to violence with a trauma informed approach
- Inventively leverage technology that is highly used and trusted by young people

*All approaches should engage young people with lived experiences from the outset. Grand Challenges Canada will not fund projects that do not demonstrate meaningful involvement of young people in their design, testing and evaluation.*

2. **Who are the target beneficiaries?**
Innovations must ultimately benefit young people aged 10-24 in low- and middle-income countries.

3. Why is this call focused on youth mental health?

75% of all mental health disorders start before the age of 24\(^1\) and research consistently shows that poor youth mental health limits health, education, livelihoods, and the formation of positive relationships and communities. Though 40% of the global population is under the age of 24, only 12.5% of development assistance for mental health is targeted towards youth, which translates to only 0.1% of the total development assistance for health. Preventing and treating disorders during youth could prevent much of the burden of disease related to poor mental health in adults. As such, this call aims to support innovators that aim to alleviate this burden of disease through creative solutions that address the unique realities in low- and middle-income countries.

4. If my innovation isn’t targeting the beneficiaries mentioned in the Request for Proposals, can I still receive funding?

No. This call is uniquely focused on innovations that aim to improve enhance mental health literacy and/or provide youth-friendly services while accounting for the complex social and environmental factors that contribute to young people’s mental health and wellbeing. Young people do not need to be the sole recipients of the program as we encourage approaches that include the broader community, however supporting young people’s mental health must be the primary goal.

5. Will there be another call for proposals which addresses targets beyond those mentioned in the current Request for Proposals?

At this time, the timing and scope of future Request for Proposals have not yet been determined. We encourage you to check our website regularly or to subscribe to our newsletter for new funding opportunities.

Eligibility Criteria

6. How do I know which countries are eligible to apply?

Please see Appendix A in the Request for Proposals for a list of low- and middle-income countries, or refer to this link. Applicants from the United Kingdom or Canada implementing in the countries listed in Appendix A are also eligible to apply.

7. Do I require co-funding?

\(^1\) Kessler, Ronald C. et al. Lifetime Prevalence and Age-of-Onset Distributions of DSM-IV Disorders in the National Comorbidity Survey Replication, Arch Gen Psychiatry. 2005; 62:593-602
No. Co-funding is not a requirement at the proof-of-concept stage.

8. **Must I be a citizen or permanent resident of the country through which I am applying?**

   No. You do not have to be a citizen or permanent resident of the country through which you are applying. However, you must be affiliated with an eligible institution.

9. **What do you define as an eligible institution?**

   Eligible applicants include social enterprises and other legally recognized institutions (e.g., non-profit organizations, academic institutions, and for-profit companies) that are formed and legally incorporated, and:
   - are formed and legally incorporated in an eligible country, as determined by which focus area of the Request for Proposals an institution is applying to
   - can successfully execute the activities in their respective technical area
   - are capable of receiving and administering grant funding
   - are not sole proprietorships
   - are not governmental offices or United Nations country offices

10. **Can an institution submit more than one (1) proposal?**

    An institution may submit multiple applications. For multiple applications to be considered from a single institution, the applications must each list a different Project Lead and each Project Lead must register for their own unique Fluxx Portal account.

11. **Can an applicant submit more than one (1) proposal?**

    A Project Lead may only be listed on one (1) application to this Request for Proposals.

12. **Do I need any specific academic qualifications to apply?**

    No. This competition is open to everyone regardless of age or academic qualifications. The Project Lead and team must have the skills and necessary mental health related expertise to carry out the proposed activities of the innovation.

13. **Do I need a collaborator?**

    No, however collaborations are encouraged if they will help ensure success.

14. **Can a group of people submit a proposal together with one or more co-applicants?**

    While collaboration is encouraged, proposals can only have one Project Lead (i.e. there cannot be co-principal investigators). There is space provided in the Applicant Information section of the application form to list any other team members or
collaborators. Successful applicants may be able to assign a co-principal investigator during the negotiations phase, if they so wish.

15. Can multilateral organizations such as United Nations apply to this Request for Proposals?

No, however we highly recommend that these organizations instead apply through a local partner organization. Staff from the UN office could act as collaborators on the project.

**Monitoring and Evaluation**

16. My group does not have the necessary expertise to adequately measure impact of our proposed innovation. Is it possible to request additional supports in this area?

Youth-led organizations that require support to measure outcomes will be matched with an appropriate evaluation partner upon securing a grant from Grand Challenges Canada. There will be the option to opt out of the evaluation plan section and request this support in the application. For proposals that require this support please reserve $15,000 CAD in your final budget for third party evaluation. Any unused funds earmarked for evaluation can be returned to programming costs.

**Funding and Duration**

17. What is the amount of funding of the proof-of-concept seed grant?

Applicants can apply for funding of up to $250,000 CAD.

18. What is the duration of the proof-of-concept seed grant?

Successful proposals will be awarded seed grants of up to $250,000 CAD for 18 – 24 months to develop and validate the proposed innovation.

19. What costs are allowed in the budget of the proposal?

Allowable costs have been outlined in Section 4.6 of the full Request for Proposals. Information on eligible and ineligible costs can also be found at this link:  
Funding and Duration

20. What happens if I experience technical issues with submitting my application via the Fluxx Portal?

The FLUXX QUICK REFERENCE GUIDE describes how to create a Fluxx Portal account, how to reset the password on an existing account and other helpful tips to navigate Fluxx and the application form.

Both new and returning Portal users should read the Fluxx Quick Reference Guide linked above to avoid any technical issues. For technical assistance with registration or the online application, contact Technical Support. All other questions should be directed to globalmentalhealth@grandchallenges.ca.

Please ensure to give yourself plenty of time to submit your application ahead of the deadline. ALL applications must be received on or before the deadline of July 17, 2020 at 3:00 P.M. ET. Late submissions will not be considered.

21. Can I submit my application through email?

No. All submissions must be done through Fluxx.

Review Process

22. What does the review process look like?

An independent review process for this initiative, which includes an Eligibility Screen and Innovation Screen conducted by Grand Challenges Canada and youth advisors, will be conducted. Further details can be found in Section 4.4 of the full Request for Proposals.

23. Will successful applicants continue to undertake public engagement activities after securing the grant?

Yes, Grand Challenges Canada intends to work with the successful grantees to showcase their work and successes.

Application Timelines

24. When will the funding decision be announced?

The application schedule is outlined below as per the Request for Proposals.
### Key Dates
